U.S. DEPARTMENT OF ENERGY, *et al.*,  
  
Defendants.

No. 1:11-CV-0946-JEC-WDS

DECLARATION OF JOHN A.  
TEGTMEIER CERTIFYING THE  
ADMINISTRATIVE RECORD

I, John. A. Tegtmeier, in accordance with 28 U.S.C. § 1746, hereby declare as follows:

1. I am the document manager responsible for the Supplemental Environmental Impact Statement for the Nuclear Facility Portion of the Chemistry and Metallurgy Research Building Replacement Project at Los Alamos National Laboratory, Los Alamos, New Mexico (“the SEIS”). My duties as document manager include compiling and maintaining the Administrative Record for the SEIS.
2. The documents in the Administrative Record were gathered from files maintained by the U.S. Department of Energy, National Nuclear Security Administration (“NNSA”), converted to PDF format, and put on CD-ROM.
3. The documents on the CD-ROM provided to the Court and the Parties for this litigation contain true and correct copies of the materials identified in the Administrative Record Index.
4. The Administrative Record Index is arranged in chronological order. A number of documents included in the Administrative Record are identified on the Index as “reference” documents. These reference documents constitute a subset of the references listed in the SEIS and are included in the Administrative Record Index because they relate to issues raised in the

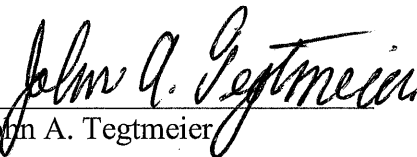

instant litigation. Defendants will make available upon request to Plaintiff and/or the Court any reference from the SEIS that is not included in the Administrative Record. Additionally, the Administrative Record includes data and calculation packages (at Bates Numbers 13474-13903) that were updated throughout the preparation of the SEIS. The last update of these packages, dated August 14, 2011, has been included in the Administrative Record.

5. I hereby certify that, to the best of my knowledge and belief, the Administrative Record was compiled and prepared in accordance with the procedure outlined above. I further certify that the Administrative Record contains all documents directly or indirectly considered in the preparation of the SEIS.

6. The foregoing is based upon my personal knowledge. If called upon, I could testify competently as to the matters set forth above.

7. I declare under penalty of perjury that the foregoing is true and correct.

Executed this 21<sup>st</sup> day of June in Los Alamos, New Mexico.
